Colorado Springs, Colorado 80904

Dear Wayne:

This is your letter of verification of reception by you on 1/10/76 from 12:58 to 1:04 A.M. Mountain Standard Time. KATI is a Class IV Station operation on 1400 KHZ at 1 K.W. non-directional daytime, 250 w non-directional at night.

Indeed, it was exceptional dx'ing for you to pick up a 250 watter from any distance on a Class IV frequency at night.

Sincerely yours,

Donald L. Peck  
Chief Engineer, KATI
