Dear Sir,

I am very pleased to report reception of KROE on October 6, 1993 on 930 kHz between 7:26 PM and 7:35 PM MDT. I would like to offer the following program details as proof of this reception:

- 7:26 PM Tune into C&W music
- 7:30 PM Spot for Cable TV followed by spot for Chitown then a promo for the KROE Tailgate Party Oct. 15
- 7:33 PM Vavoline & ??? Minute Lube then spot for Centennial Movies & Spot for Farmers CO-OP.
- 7:35 PM "Sheridan's only Station for Music KROE" and more music

Your signal was fair to good generally atop the channel. Other Northern Wyoming and Montana stations were also noted, as the cold front started moving in.

Equipment in use while listening to KROE consisted of a Radio Shack Model 12-655 TRF AM receiver. By trade I'm a real estate appraiser and have been a BCB DX'er since 1964. Please find enclosed return postage to facilitate your reply.

If my report is found correct I'd appreciate a verification from KROE to add to my collection from over 1500 BCB stations. Thank You in advance for your time and consideration in answering this report and helping me with my hobby.

Sincerely,

Wayne Heinen
