To Mr. Wayne Heinen:

It is with great pleasure that I am able to verify your reception of the Voice of Laryngitis. You heard this station on June 10, 1984 from 0328 until 0347 UTC on the frequency of 6247 khz in the 48 meter band. Thank you very much for your nice letter. I assume you must have at least a casual interest in pirate radio. If so, I know of a radio club you might find interesting. For a sample copy of their monthly bulletin, The Ace, just send \$1.00 to: ACE (which stands for Association of Clandestine Radio Enthusiasts) P.O. Box 452; Moorhead, MN 56560. I highly reccomend this organization. Anyway, I certainly hope you will be able to tune in to our free radio station again sometime. We may show up about anywhere at about anytime! I almost forgot, the output power on the broadcast you heard was 40 watts. Tnx for writing! 73
