16 MAY 1990

Wayne Heinen
4131 S. Andes Way
Aurora, CO 80013

Dear Mr. Heinen:

This is a letter of verification to your reception of our
MARINE INFORMATION BROADCAST.

DATE: 28 APR 1990

TIME: 0605GMT

FREQUENCY: 2670KHZ

POWER: 1kW

Antenna: shakespeare 83 foot, 4300 "alpha" style effective radiation
600 watts per SB.

Direction of transmission: Off-shore to 70 Nautical miles covering
Group North Bend area of operations from Cape Kiwanda, Oregon to
the California Border.

Transmitter type: GSB-900 Transceiver with / GRC-901 remote head
Cape Blanco North Bend

Geographic position: Transmitted from Cape Blanco, Oregon
(42-50.2N, 124-33.8W) using a remote control located at Group
North Bend (43-25N 124-15W).

Remarks: you intercepted Coast Guard Group North Bend scheduled
Marine Information Broadcast which is given twice daily at 0603GMT
and 1803 GMT on VHF-FM Channel 22US and 2670KHZ. The female on
watch you heard was myself I am pleased that you were able to copy
my transmission loud and clear. My husband is an ET in the Coast
Guard we are both active duty, we served at MSO Valdez AK, Petaluma
CA, Governors Island NY and now I am stationed here at Grp North Bend
as a RM and he is on the USCGC Orcas a new 110.

We at Group North Bend would like to thank you for your reception
report and QSL request, it is nice to see how the rest of the world
outside OREGON is doing every now and then. We also hope the above
information provided is helpful in you SHORTWAVE LISTENING HOBBY.

Best Regards,

Alisha L. Walker
