Dear Mr. Heinen:

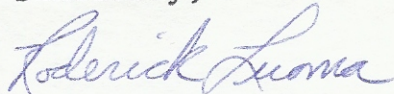

Thank you for the letter reporting your reception of WJBK-TV in Orchard Park.

I have checked your program descriptions with our program log and the two seem to compare favorably. Therefore, you will find enclosed a verification card and also a station coverage map as you requested.

May I suggest that when you write for verifications that you include with your comments the times the various events were aired (particularly commercials and station breaks). This makes verification much simpler.

Thanks again for writing.

Sincerely,

Roderick Luoma
