Williamsville 21, N. Y.

Dear Mr. Brauner:

Thanks a lot for the fine DX report of your reception of our station. This letter will serve as your confirmation.

We have our Permit from the FCC to increase our power to five thousand watts and have bought our new transmitter but don't know just when it will be shipped to us. When this happens we would like to run a real DX program for all you good DX'ers out there and find out just how many reports we could pull.

Thanks again and the best of luck to you.

Yours sincerely,

*Charles Tucker*
