Mr. J. W. Brauner
Williamsville N. Y.

Dear Mr. Brauner;

Your interesting letter has just been handed to me as the most interesting DX report received to date on our special program of last Saturday morning.

This particular letter brings to the writer pleasant thoughts of your splendid cooperation rendered WFDW during our test periods early in 1930 while the station was located in Talladega Alabama. On June first this year WFDW was moved to Anniston, a much larger city.

At the time we moved to Anniston we made several changes in the station but due to a very heavy schedule of daily transmission we have had very little time to develop DX programs in addition to our regular schedule.

We are planning a special DX program for a New Year celebration, commencing at 11 P. M. CST on December 31st, and will appreciate your keeping us in mind on that date for a checkup of this special programs.

Thanking you for your many past favors, and trusting to hear from you at any time you may care to drop us a line, I am,

Cordially yours,

R. C. Hammett
