Mr. J. W. Brauner
Williamsville N.Y.

Dear Mr. Brauner.

Please excuse this late reply to your letter of Oct 26. Naturally we have been so busy just opening up that we are just getting to the DX letters. We tested Oct 9th, 10th, & 11th. This was our first time on the air. We also tested on the 20th but I would rather have more information before giving you a verification.

We will conduct FCC monitoring program 2nd Monday of each month 2:10 to 2:30 AM EST at which time you should be able to successfully log us.

Please excuse the writing but I am on the control board at this time and do not have room for a typewriter at this point.

For your information we are on from 6:30 AM to 5:00 PM CST every day.

Yours truly
W. J. Reynolds Jr.
