Williamsville, New York.*

This is to verify your reception report of WLAY on
on November 14, 1942. We were very happy to receive
this report due to the fact that we recently in-
stalled a completely new transmitting plant. WLAY
is now using a Gates 250-C transmitter and a new
172 foot antenna. The studios, offices, and trans-
mitter of WLAY are located in Highland Park, Muscle
Shoals City, Alabama, which is a suburb of Sheffield.
We are always interested in reports. Write us again.

Sincerely,

Garland Burt
