*Radio Station W M G Y*  
1000 WATTS — 800 KILOCYCLES  
MONTGOMERY 4, ALABAMA

Oct. 23, 1946

Mr. J. W. Brauner  
23 Howard Ave.,  
Williamsville 21,  
New York.

Dear Mr. Brauner:

The many details attendant on opening our new station, WMGY, made us, somehow overlook answering your much appreciated letter regarding your reception of the station on the morning of June 22, 1946.

In checking our log for that date we find that you are correct in every detail and this letter will verify your reception.

Unfortunately, we are still only a daytime station and you, of course, cannot now hear us. However, we hope to have a full-time permit in the near future.

Again, many thanks for your interest in our station.

Cordially yours,

*E. Caldwell Stewart*  
E. Caldwell Stewart,  
Program Director.
