Mr. J.W. Brauner
23 Howard Ave.
Williamsville 21, New York

Dear Mr. Brauner:

I was indeed glad to receive your report stating that reception was good on your DX Log during our equipment test program. It was our initial test program.

It is encouraging to know that WNPT can be picked up as far away as Williamsville, New York.

I would like to take this opportunity to thank you for your interest in our station.

Sincerely,

T.H. Todd,
Chief Engineer
