PIEDMONT, ALABAMA

Jan. 20, 1952

J.W. Brauner
23 Howard Ave.
Williamsville 21, New York

Dear J.W.

I have recently received your letter of Jan. 10, 1953 and although we do not keep an exact record of what is played or said when we do remember about what is played and said and I am very pleased to verify your report of reception of WPID in Piedmont, Alabama. We are very glad to know that we are coming in at all up in New York. Of course we had quite a few bugs in the equipment at that time which has been cleared up now. At that time we could not modulate over 60% because of R.F. feedback. However, since this condition has been fixed you should now be able to receive our signal very well and we hope that if you do you will let us hear from you again and tell us if it is any better.

We hope to hear from you in the near future and want to thank you a lot for your nice letter.

Yours truly,
Hamilton Masters
