Dear sir,

Were glad to hear from you up there in Williamsville. your report was "on the nose" for the period 2:06 to 2:10 A.M. C.S.T. on November 17, 1947.

The signal strength was on a par with other reports from points pretty close to you, ex. N.Y. city 5-9+ on peaks.

Our station is all in one building one mile southeast of Demopolis, population 8000.

Thanks a million for your reception report and good luck on your DX.

Yours truly
John D. Larkin
Engineer
