Dear Mr. Brauner:

WZOB takes great pleasure in acknowledging your reception report of June 25th.

It is with pride and pleasure that WZOB informs you that we are on the air with regularly scheduled programs.

We wish to take this opportunity to thank you personally as a listener, and DX'er, as your reports have been helpful as well as complimentary.

With many thanks, I remain,

Sincerely yours

Glenn M. Gravitt

P.S. It might interest you to know that we are using a Western Electric 443-A-1 Transmitter, using four-357A's in the final. We have had some difficulties, but have them cleared up at this time. Thanks for your many kind remarks.
