Dear Joe:-

Thanks for the fine report of reception of our DX Test for the National Radio Club. Although you stated that you don't need a KOSE confirmation, we feel that it's the least we can do since you got up to try for a Station you didn't even need. We are happy to verify your reception of KOSE December 20th, 1955, from 2:00 to 3:00 a.m. Central Standard Time on 860 kc/s.

We really enjoyed doing this show and hope you enjoyed it. We've received ~~me~~ 36 reports, with the reception generally best in the East. Your report of "S/9 plus 25 db" really made us happy!

Thanks again, and good DXing. We hope you can get WEJL to verify for your logs, and that you will enjoy much successful DXing. Happy New Year!

Cordially,

*Scott*
