Mr. J.W. Brauner,
23 Howard Avenue,
Williamsville 21, N.Y.

Dear Mr. Brauner:

In checking our old files of reception reports, I find that we may have overlooked verifying your letter of February 12, 1948. At that time we were making preliminary checks before beginning a regular schedule, and we really appreciate hearing from you.

In the event you haven't previously heard from us, may we offer a belated thank you, and best wishes for successful DXing in the future.

PS: Our regular monthly frequency check with tone modulation can be heard on the first day of each month between 1:10 and 1:25AM, C.S.T.

Sincerely,

William S. Miller
Chief Engineer
