RADIO STATION KCLS
Box 1677
Flagstaff, Arizona

Dear BCL:

This will confirm your reception report of
Nov. 5, 1951.

KCLS operates with a rated power of 250 watts,
from seven in the morning until ten in the evening.
Our regular frequency checks occur on the first
Monday of each month, at 1:30 P.M., MST.

The Transmitter here is a Raytheon RA 250,
feeding a shunt fed-guyed uniform cross section
Wincharger tower. The site is one mile south of
Flagstaff on U. S. Hiway 89 alternate.

We thank you for your reception report, and
will be glad to hear from you anytime. If you
happen to be in the Flagstaff area in the future,
stop in and see us.

Sincerely

S. L. Wood (asst. Eng.)

Charles McNeall
Chief Engineer
