

KAFP

Krowing Always For Petaluma

PETALUMA, CALIFORNIA

J.W. Brauner
23 Howard Ave.
Williamsvillve, 21.
New York.

Feb. 5th, 1951

Dear Mr. Brauner:

Received your letter of January 29th, and this letter will verify your questions. Our broadcast period is from 6:00 am to 12:00 midnight, PST. And you undoubtedly heard our sign-off period, at 12:00 midnight. The announcer at the time was saying "for the past hour and 55 minutes you have been listening to Music Till Midnight".

We were glad to hear that you did pick up our signal, even if you had trouble doing so.

KAFP operates on 1490 KC, has been in operation for 1 year, using a Gates Transmitter.

You might try to give us a listen on Wednesday or Saturday nights, as those are our maintenance nights starting at approximately 12:30 am.

Thanks for your letter.

Yours truly,

Harold A. Sparks

Mr. Harold Sparks
Chief Engineer
KAFP, Petaluma.
