ADDRESS KFI

Mr. J. W. Brauner
Williamsville, N.Y.

My dear Mr. Brauner:

I certainly do thank you for your
two letters, and so glad to count you in on the DX chat.

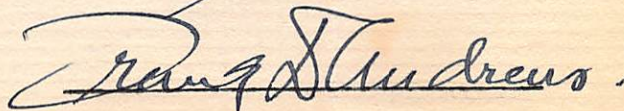

I never have time to individually
answer letters, but yours deserve a few minutes of
acknowledgment---a few minutes well spent to establish
a good friendship.

Your interesting report on the
station was indeed appreciated by the technical staff
also.

Whenever you have time, write in about
your DXing, as you seem to have a good location, and
hearing directly from you gives me more confidence in reporting
the stations. Let me have your week-end report by air
mail so I can include it in the program for Friday night.

This is all I have time for today, and
my very kindest regards to you,

Cordially,
