Mr. Joseph Brauner,

Dear Sir:

We are in receipt of your card stating that you listened in on KGB July 27, about 4:10 a.m.. Although your report is somewhat indefinite, we are quite sure that it was our station you heard. We were broadcasting by remote control from the Green Hat Nite Club at that time.

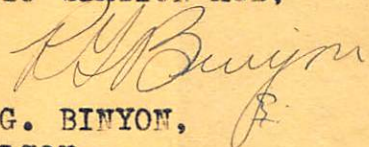

During the past few months we have had a good many letters from the East Coast from people who have heard us, although we are operating on only 250 watts at present. So, from these reports we feel that we really cover quite a territory.

Hoping that you may hear us again at some future date, we are

Very truly yours,

RADIO STATION KGB,

By

R. G. BINYON,
Manager.
