FRESNO'S INDEPENDENT STATION

March 16, 1949

Mr. J. W. Brauner
23 Howard Avenue
Williamsville 21, N.Y.

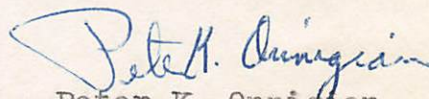

Dear Mr. Brauner:

Your letter of March 14, 1949, was most gratifying. We were very much interested in knowing that our signal was getting out as well. You see we have been in operation only 6 weeks.

This will confirm your reception of KGST , on March 14, 1949, and verify your report.

We wish to thank you again, especially for the information regarding the fact that other stations on 1600 KC stay off during monday mornings, (probably due to a "stay-off" agreement on the east coast for frequency measuring purposes.)

Very truly yours,

Peter K. Onnigian,
Chief Engineer
