Mr. J.W. Brauner
23 Howard Ave.
Williamsville, 21 N.Y.

Dear Mr. Brauner:

This is to confirm your report of reception of our Special Frequency Check Program of November 15, 1948. 1:15--1:30 AM. CDST. I wish to thank you personally for a very interesting and informative letter and your determination to stick with us thru the QRM merits a special vote of thanks! The march number that you recognized but didn't get the title of was the "Colossus of Columbia!" From information that I have recieved, the other station that was giving us a bad time was CKIW in New Westminster, British Columbia. I hpoe you will pardon the delay in answering your letter, but the response to this broadcast was really overwhelming and it has kept me busy answering the many reports recieved.

Our equipment here at KPRL is all RCA. Our transmitter is a RCA Type ET 4250-A and although it has seen nearly twelve years of service it is still plugging along with the minimum amount of trouble.

I am enclosing a folder put out by our local Chamber of Commerce which I hope will be of interest to you and in closing, thanks once again for a splendid report and here's wishing you lots of DX

73s

Very truly yours,

George E. Palmer
