Dear Mr. Brauner:

We at KSMO appreciate your interest in writing us regarding your reception of our station.

Due to several changes in personnel, the procedure of acknowledging requests of verifications was overlooked for a period. As this evidently occurred in your case, please accept this as our delayed acknowledgment.

KSMO operates on 1550 kilocycles on 1000 watts power, day and night. Our antennas consist of two 150-foot uniform cross section vertical towers.

We will appreciate any further comment on the reception of KSMO in your vicinity.

Again thanking you,

Very truly yours,

H. Neil Black
