December 29, 1947

J. W. Brauner  
23 Howard Avenue  
Williamsville 21, New York

Dear Mr. Brauner:

Thank you for your verification letters of test transmission for KVSM on December 6, 1947, and the special Christmas Scrooge program on December 20, 1947.

Please excuse the delay in answering your first verification letter, but it was Christmas in a radio station and you know what that means.

Your log for both tests checks with ours exactly.

We appreciate hearing from you and are glad to know that you were able to pick us up way back in New York.

KVSM is a 250 watt day-time station on 1050 kilocycles and we do not have a definite test schedule, usually around the first of every month we see who things are shaping up.

Happy DXing in 48.

Very truly yours,

  
Merwyn F. Planting  
Chief Engineer KVSM
