Dear Mr. Brauner,

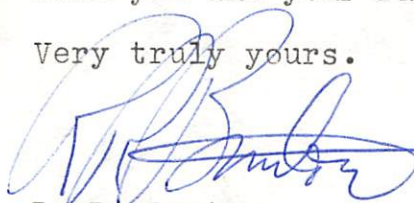

Thank you for your reception report of the test broadcast on 12-1-75 at 0030 to 0100 PST., for the benefit of the National Radio Club.

The Log you have presented is correct. Our programming for the test, consisted of:

1. Pre-recorded 800cps tone with station I.D.
2. A series of ascending tones, direct from our Mutual Network loop.
3. Instrumental music selections from the album "Street Fair" by the Magic Organ.
4. Two "live" I.D.'s denoting test for NRC.

I see from your comments, you are from the era of "cat-whiskers" and "tickler-coils". Best of luck "Old-timer" and may I wish you and your family, the best of holiday greetings.

Very truly yours.
