Mr J.W. Brauner
17 Spring St
Williamsville 21 N.Y.

Dear Mr Brauner

Very pleased to verify your report of our equip-
ment test program of may 18th. Due to lots of work I am just
answering dozens of reports. Sure glad to know we are getting
into N.Y. A very nice report I should say. We have a Gates
BC1E transmitter as well as all Gates audio equipment.
Vertical radiator 210 Ft. 120 radials 330 ft long.

Due to not being able to get a frequency monitor
for some time I am making nightly frequency tests 12:00-12:15
MST. Hope you hear us again. I alternate tone and voice for
the 15 min. period.

I accepted this position as chief engineer last
March. I am from Harrisburg Pa. WHGB.

Thanking you again for the report,

Sincerely yours

L.L. Wilson
