Dec. 4, 1952

Dear Sir:

I wish to thank you for your report of reception of our signal on Nov. 29, 1952. I wish to verify the same as a check against our log confirms your report.

We played selections from Oklahoma, Strauss Waltzes Fred Waring Etc. The program originated from the transmitter therefore I do wish it was more elaborate as we do not have necessary facilities here with only one turntable that is used in emergency use only, and trying to keep a log you can quite picture the situation but I am more than please as to the results.

We are a daytime station running 1000 watts with a 190 foot nondirection antenna, and a composite home built hjob Xmittr.

Again I want to thank you for your kind cooperation by joining along with us here at the station.

I remain,
John Roache Ch. En.
