MONARCH

BROADCASTING CO. LTD.

Studios: 520 First St., Medicine Hat, Alta.

December 12th., 1951.

Mr. J.W. Brauner,
23 Howard Avenue,
Williamsville 21. N.Y.

Dear Mr. Brauner;

Thank you for your letter and details of reception of our DX. broadcast. There appears to be no doubt that it was CHAT to which you were tuned.

Accordingly, we are happy to send you this letter of verification, and trust that it will suffice for your files.

CHAT's studios are in a separate building, devoted entirely to broadcasting. We have three studios, two control rooms, complete disc, tape and wire recording facilities, extensive remote broadcast equipment, and a modern transmitter building on what will soon be the #1 Trans-Canada Highway, (on it, that is!). Our equipment is predominantly R.C.A., with a few items of Gates, Magnecord, etc.

We certainly take a great deal of pleasure in staging these DX shows for you. The shows are a good chance for us to spread a little news of Medicine Hat, and this particular DX was heard quite well by a fan in Dunedin, New Zealand. Conditions over the Pacific must have indeed been perfect!

Best of everything to you and continued success with your DX'ing. 73's!
