

RADIO STATION
CKBI

PRINCE ALBERT, SASK.

November 16th.1934.

Mr. J. W. Brauner,
17 E. Spring St.
Williamsville, N.Y.

Dear Mr. Brauner;

Thanks for your letter of the 11th. reporting the reception of our station on that date, we have had numerous reports stating that the weather conditions was very poor on the morning of the eleventh however we had a very pleasant and profitable (from the amount of letters that we received) from this programs

It is a pleasure to verify a report such as yours knowing the handicap one is up against with in trying to receive a transmitter such as ours with EXACTLY 100 watts over such a great distance.

I have a letter here to write to Mr. Applegate of Chicago tonight as well as a number of others so will make this as brief as possible, wishing you many good catches this coming Dx season.

Sincerely yours,

Radio Station C.K.B.I.
