Joseph W. Brauner, Esq.,
17 East Spring Street,
Williamsville, N.Y.

Dear Sir:

Your letter of January 8th was unfortunately misplaced, and we are consequently a bit late in advising you of our next DX broadcast.

We intend to broadcast a DX program on the morning of Thursday, February 10, commencing at 12 O'clock midnight, and continuing until about 4.a.m. All times given are Central Standard. That is, we take the air at midnight, February 9th.

We had a letter from Mr. Geo. H. Goodwill in connection with our next DX, and we informed him of this coming broadcast in a letter of January 20th.

We shall be glad indeed to have the co-operation of your club, and to have you publicize this DX as much as possible. Also, anything you can do to clear the air for us will be appreciated. Any chance of persuading WABY to ease up for a couple of hours?

Yours very truly,

J. C. Benson
Business Manager.
