J. w. Brauner, Esq.,

U.S.A.

Dear Mr. Brauner:

This will acknowledge yours of March 29th., with reference to our March 19th. DX broadcast, asking for a verification.

I'm sorry to have overlooked this point in my return card. I have broadcast some 50 DX programs in my radio career, but have never had the task of sending in verifications; this being done by some other member of the staff. This is really the first time I have the task of answering you DXers and I'm afraid I completely neglected your viewpoint!

Checking over your letter of March 19th. with our log, there is no doubt whatsoever that the station you had on 1240 kcs. between 4 and 5 a.m. EWT. was CJEM. Even though static prevented you from grasping the program in its entirety, the report you sent in checks perfectly with our broadcast.

Thanking you for the data submitted and your interest as a DX fan,

I beg to remain,

Yours very truly,

J. D. Boudreau, Manager.
