Dear Sir,

Re your letter of January 29, We sign on at 5:30 A.M. opening with Oh Canada followed with Maple Leaf and then News. You were probably getting a sky wave from our station, There are so many low powered stations on this frequency that it would be quite well crowded out later. We were quite surprised to find we were being picked up so far away.

We wish to thank you for your interest in our station.

Yours truly

Robert J. Wallace
Chief Engineer
