In U. S. A. by
ADAM J. YOUNG, JR.

November 1, 1945.

Mr. J.W. Brauner,
17 Spring St.,
Williamsville 21,
New York.

Dear Sir:

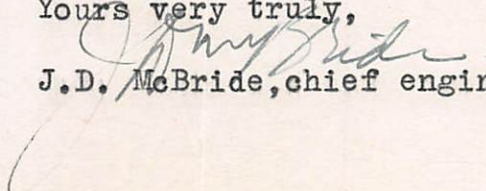

This will serve to verify your report of October 29th. In the near future, we plan to have some veri cards and will be pleased to send you one at thatvtime to replace this letter.

CFOR was on the air testing from 3.30 until 6 a.m. on October 29th., although there was not modulation all the time. The mention you heard about Buffalo was to the effect that Ralh Johans there, had just phoned to the station here to say that he was picking up up our signal easily. Other reports since the test have reached us from Joseph J. Becker of Hamilton, Ohio, and S.R. Morss, of Bradford, Mass.

Commencing immediately, CFOR will be testing the third Monday morning of each month from 4 until 6 a.m. and in this period we plan to devote some time to a DX program.

Trusting that we will have the pleasure of hearing from you again in the future, I remain,

Yours very truly,

J.D. McBride, chief engineer.
