Dear Mr. Brauner:

This is to confirm your letter regarding our special broadcast between the hours of 3:30 and 4:00 a.m. on November 18, 1951. We were very pleased to hear that you received our signal so well. We would request that you watch our frequency during different times of the day as we are installing a new limiter amplifier and we hope that it will make a difference in our signal strength. Any information regarding our signal would be very much appreciated.

Our transmitter is an R.C.A. BTA 250 L and the antenna tower is an omni-directional Ajax. We would be very pleased to hear from you at any time.

Sincerely yours,

BARRIE BROADCASTING CO. LTD.
