Dear Mr. Warner:

Thank you very much for the great help you gave on our recent DJ program, and also for the copies of "Lover" here which I surely appreciated.

As you will see from the enclosed copy I have arranged another DJ program for February 17th. I do not know if this will be time enough for publicity, but arrangements have just been completed. I am enclosing a letter that may be published if you wish, as I understand that the time is short.

Thank you again for your co-operation, and trusting that we may continue to work together. I wish to remain,

Yours very truly,

" J. H. H. "
