- R. DUNLOP
- J. H. S. GARRETT
- W. J. JONES
- H. LARGE
- ARNOLD MAYBERY
- W. V. STEVENS
- J. T. TURNER

City. We also have had reports of good reception from Hamilton Ontario, Drummondville Quebec, Brooklyn N.Y., and different points in North Carolina, Ohio, West Virginia, Alabama, Michigan, Indiana, Colorado, Texas, Missouri, California, Washington and intervening states. I enclose herewith a list of members of your club who identified themselves by writing to this station. I thought it might be interesting to you.

I am very sorry that you did not hear these programmes because I should have liked to have your criticism for future improvement. If however you have heard of any criticism or could offer any we would certainly appreciate hearing from you. As I intimated before we have been ignorant of the possibilities of these tests and have not bothered much whether we were in any of the logs or not. I would like however to have the station mentioned for next fall in as many radio logs as possible. I was wondering if you could give me a hint as to how to go about this. If so it will be greatly appreciated.

I think when I answered you first letter last winter I told you that we were expecting to get new equipment. We have every expectation notwithstanding hard times of getting some money to purchase this equipment to be installed next fall and I am sure you can look forward to hearing us at that time even though we may not have got out to you this spring. I do not expect we will get any more results from the programmes tomorrow morning and the following Sunday morning but it will give us experience anyway.

With best wishes,

Yours truly,

H. C. Buchanan
