Williamsville. N. Y.

Dear Sir:

I receive your letter Nov. 22/33 and in reply I have to tell you that the Station you heard in 1395 K.C. on Nov 22 was the little H.I.H.

Our record this year is very good for the wattage we have, because we receive several report from Canada and all North part of U.S.A.

Very soon we will make several test in 42.50 m. For our Feb. & March programs we have for the 10 first correct report we receive beautiful Macoris souvenirs. try yours.

This few lines will serve you as verification card.

Thanking you very much for your courtesy.

I remain your very truly,

Domingo Dominguez

(Excuse my english.)
