Dear Dx.Radio Friend:-

Very glad to have your nice report of our Dx program of Nov.19th Saturday morning which is correct, and I have the pleasure to verify.-

Well there is a little and big error about the days of our Dx programs, we have this programs every Friday night in the morning of Saturdays and every Tuesday Morning following monday night from 2 to 3 in the future on account that there are one station in the states broadcasting on the 960 Kc. channel that interfere us a little, as per report of some of our Dx friends.-If is not a trouble for you please notify it to your club, and oblige. I am sending you a personal letter as I wish to thank you for your phrases about my English.-

Sincerely,
Adoberrantes
