Williamsville, New York, USA.

My Dear and Old Friend Mr. Brauner:

I appreciated very much your letter report of our broadcast of Jan. 22nd. last. Our DX Program was a success; we received so many reports that we are contemplating to give another great Program next Season.

I am enclosing our veri-card as a confirmation of your good reception of our Station and allow me to congratulate you upon your success in listening so well to our transmitter up there in Williamsville. In the name of the Owners of this Station, I have also the great pleasure of thanking you for your faithfulness to us reporting C.M.H.J. every time that we have put on the air a Special DX Program. We hope to hear from you many a time in the near Future.

The letter received for C.M.H.M. was placed in the hands of the Owners of the other Station here.

You see, I did the advertisement of both, C.M.H.J. and C.M.H.M. Broadcasts and planned the Programs, but was unable to present the second Program over C.M.H.M. the morning of Jan. 28th. They gave the Program and I am glad you heard it. I had to do so many things to do that week end, that I let them run the Program and, so far as I am not connected with that DX Special, I hope they will answer your letter-report and other reports received from DX'ers.

I might be able to give Programs from both Stations in the future as I continue being friend of every body at C.M.H.M. too. At present, due to my personal work I am experimenting some difficulty in answering the heavy mail we received from our Special of Jan. 22, but here I am hoping that I finish sending the verification cards in quite a few days.

My best wishes to you and your family,
Dear Old Friend of C.M.H.J. and Good Luck DXing,

Yours Sincerely,

Enrique Hidalgo M.
