Mr. J. W. Brauner,
17 E. Spring St,
Williamsville, N. Y.

Dear Mr. Brauner:

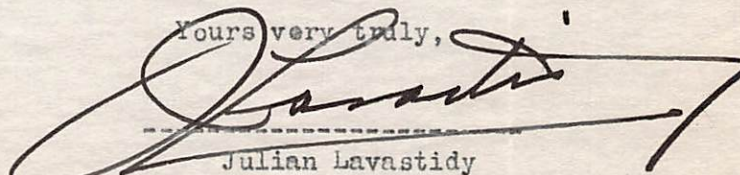

We are certainly very glad to have your report on our CMK Station broadcast on Wednesday evening, January 17th-1934, which is correct in every detail.

It would interest us to know if you are able to listen in on CMK (730 Kcs.) daily musical programs from 9 to 10 PM. Eastern Standard Time. CMK is interfered at that time by high powered American stations but we are wondering if our programs can be followed to any extent.

We are very sorry to inform that our supply of Station Stamps is completely exhausted at present, but we have a new model in project and will be pleased to forward yours as soon as they are completed.

Thanking you very kindly for your letter and trusting to hear from you sometime in the near future, we beg to remain,

Yours very truly,

Julian Lavastidy
