Dear Radio friend:

In answer to your letter of the 9th., we are sorry not to have been able to answer it at an earlier date, but we have received hundreds of letters from each of these tests, making it impossible to answer them as promptly as we would like to. Among these many letters we also received and answered one from Mr. Robert N. Hoffmann, one of your members, we also sent him our verification stamp. Last year we received a letter from Mr. Hoffmann's brother who, as I see by your letter-head, is also a member of your Club, lacking only Mr. J. Jerome Kurtz's letter of verification proving that we have been heard by all of your members, as I see by your letter that this Club is composed of but four.

We have exhausted our supply of Ekko stamps so I am very sorry to say we can not send you one in this letter but we have ordered a large supply and will send you yours as soon as we receive them.

We are broadcasting a special program for the benefit of our listeners in the U.S. and Canada every Sunday morning from Saturday midnight until 3 a.m. and we hope that "The Old-Timers Club" continue to hear and enjoy these programs, any reports will be greatly appreciated by us.

Thanking you once again for your attentive letter, I am,

Yours very truly,

*F. A. Lavín*

*At the moment of closing your letter we receive our Ekko stamps and are very glad to be able to send yours.*
