Dear Mr. Brauner:

We are very glad to receive your letter of April 13, and want to thank you for your congratulations on our new name.

It is interesting to know that you are able to receive WTOP clearly even part of the time, for, as you probably know, when we increased our power to 50,000 watts in 1940, we were required to decrease our signal strength towards the service area of KSTP in St. Paul.

The information regarding your reception on Monday, April 12, has been checked against our station log for that date, and we are pleased to verify its accuracy.

Thank you again for writing us and for your interest in Station WTOP.

Very truly yours,

Clyde M. Hunt
