Mr. J. W. Brauner  
23 Howard Ave.  
Williamsville 31, New York

Dear Mr. Brauner,

Thanks for yours of April 14th. There is no doubt that you receiving WARN as you have described our morning program from sign-on at 5:30 AM to 6:00 AM Exactly.

Our sign-on is recorded and is unchanged from day to day. The first half hour is all hill billy with the DJ doing a little picking and singing of his own. He uses lots of compression and maintains a high percentage of modulation.

Thank you for your fine report and interest. Wishing you much success and enjoyment in your DXing efforts, I remain,

Yours truly,

  
John E. Palmer, chf eng
