Dear Mr. Brauner,

In answer to yours of March 16th. WARN turned its carrier on at 5:26 AM and did not start modulating until 5:30 AM at which time we started our regular broadcast day, March 16th.

No frequency checks have been this month, and no tones have been aired.

Glad to be of any help possible and thanking you for your interest, I remain,

Yours truly,

*\* a DX fan in Walnutville, Pa, reported we were putting in a good signal there over Greenville, SC from 5:20 to 5:45 A. Then Danville, Va came on I believe it was. After that it was no soap.*
