

"Florida's Highest Coast Elevation"

CLEARWATER CHAMBER OF COMMERCE

CLEARWATER FLORIDA
HOME OF RADIO STATION WFLA.

June 10th, 1929.

Joseph Brauner,
17 Spring St.
Williamsville, N. Y.

Dear Sir:

We thank you for your communication just received and take pleasure in acknowledging your radio reception of our broadcasting station WFLA on 6/6.

Please excuse this form letter but due to the many listeners who request letters of verification it is almost impossible to give a personal answer on the same date the communication is received.

For your further information WFLA divides time with WSUN, both studios using the same transmitter on 333 meters or 900 kilocycles. Power output is rated at 1000 watts at night and 2500 watts daylight.

WFLA is in operation Monday, Wednesday and Fridays as per the attached clipping sheet which we hope will be of some service to you.

If you are interested in the most delightful place in the world in which to spend the winter or to become permanently located, we shall be glad to send you a descriptive booklet of Clearwater, Florida West Coast on the Gulf.

Please let us hear from you again.

Yours in Radio,
WFLA-CLEARWATER CHAMBER OF COMMERCE.

W. Walter Tison,
DIRECTING ANNOUNCER.
