Dear Sir:

Thank you very much for your letter of the 19th. It's most interesting to learn of your reception and its quality as indicated by the data you noted on the back.

I hope very much that this letter will serve as a medium of verification for you inasmuch as WJHP is not as yet equipped with a form of QSL card.

The comments that you made on my program were very gratifying and helped a great deal when shown to Mr. Henry Wells, manager of the station.

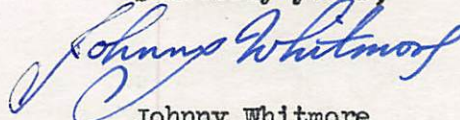

Enclosed you will find a membership card. Perhaps this will add to the collection of interesting cards that an old "DX-er" like yourself must have accumulated.

It may interest you to know that you are the first member of the Sky Commuters' Club who listens to the program from a greater distance than approximately 100 miles. And certainly you are the first "DX-er" to have received one of these cards.

You mention in your letter that you would inform other members of your club of WJHP and possible reception between 6:30 a.m. and 7:00 a.m. If you would care to, you might mention that they will be welcomed members of our club.

Please listen on Tuesday morning at approximately 6:45 a.m. I will give you a salute on the program and would appreciate learning whether or not you are able to get it. That will be Tuesday, December the third, at 6:45 a.m.

Sincerely yours,

Johnny Whitmore
