December 12, 1959

A pleasure to verify your reception in your letter of December fourth. All the information that you got was correct and I am glad that the check was a little more interesting than others. I would have done better but I didn't want to wake the people up who had their radios tuned tous. There are a few around here who use the star-bangled banner to get up to in the early morn when we sign on.

Thanks for the detailed report and always glad to hear from DXers way up north.

Sincerely,

Art Gliner CE
