Williamsville, N. Y.

Dear Sir:-

With reference to your letter of May 5th. I was very pleased to hear from you again and regret very much my delay in answering. I have made it a rule to answer each one of my DX letters personally, but of late I have been falling behind as I have been almost snowed under.

I have been very pleased with reports from DX listeners of this station, but even as good as they are I hope in a few months to change my radiation system to give even better results.

I am enclosing herewith illustrated booklet and a picture of the World's fastest automobile.

Trusting I shall have the pleasure of hearing from you again, I am

Very truly yours,
