Mr. J. W. Brauner
23 Howard Ave.
Williamsville 21,
N.Y.

Dear Mr. Brauner:

Your letter of October 9th received and greatly appreciated. So far as we know you now hold the record for distance reception of this station. You picked up our regular frequency check which we have to make every morning at that same time until we can install local frequency monitoring equipment.

WRHP started Equipment Tests on October 10th and we are this date on the air with regular programs for the first time. Today is our opening day here.

Many thanks for your letter with all the information.

Yours very truly,

Charles L. Clifton
Chief Engineer WRHP
