Dear Mr. Brauner:

Thank you very much for your very interesting and informative letter of March 26th. It is gratifying to receive letters such as yours, as well as to know that our signals reached your area so satisfactorily during our two test programs; March 25th and 26th.

From the information contained in your letter it is obvious that you received our frequency check program, 1:00-1:30 AM, March 25th, and the NRC DX Program, 3:30-4:30 AM, March 26th, 1946, and we are pleased to verify your reception of these programs from WWPG.

It has been a pleasure to hear from you and to receive your kind comments; they are greatly appreciated.

Sincerely yours,

Clyde L. Walkden
